## Summary

I am an aspiring software developer with a passion for learning and solving challenges to the best of my ability. I believe that professional success comes from hard work and dedication, which I am committed to applying both in teams and independently. My interest in technology and software development has been with me since high school. I have worked on multiple team projects during my studies and complemented them with independent software development projects to expand my skill set. In my spare time, I pursue interests in fitness, investing, and photography.
